

The Dryvit **30** Year Warranty Program

Summary Document

Overview

Dryvit has developed an exclusive 30-year warranty program for builders who use the Residential MD System® or the Sprint MD System® in residential construction. The warranty – the first of its kind in the EIFS industry – applies only to the construction of one and two family homes, and requires that builders, and the applicators they choose to apply the system, meet specific quality-related criteria outlined below. And, it's transferable to subsequent owners.

Dryvit Residential 30 year program requirements

Builder Must:

- Be an NAHB member
- Possess applicable state/local licenses
- Conform to all applicable state general liability coverage requirements
- Attend a Dryvit EIFS program for homebuilders
- Possess a current Dryvit Residential MD/Sprint MD builder listing

EIFS Installer Must:

- Possess a current Dryvit Residential MD/Sprint MD listing
- Possess a current AWCI EIFSmart certificate

Warranty terms – The same as the standard ten (10) year Residential/Sprint MD system drainage and materials warranty, extended pro rata to thirty (30) years subject to the satisfaction of the following conditions, and those listed above:

1. Completed warranty request form returned to Dryvit.
2. Invoices for all Dryvit materials purchased for the project (including EPS). All purchases must be from an Authorized Dryvit distributor.
3. Warranty fee of \$.35/sf of EIFS paid to Dryvit.
